

I FEEL THAT THIS RECCOMENFDATION IS THE FAIREST AND STAND BEHIND IT. THIS WAY A TECH GETS THE USE OF HF FREQUENCIES AND HAS A LEARNING CURVE TO USE HF FREQUENCIES. IT IS MORE FAIR TO THE GENERAL CLASS. I AM IN FAVOR OF KEEPING THE 5 WPM CODE REQUIREMENT FOR GEN AND EXTRA. I HAVE NO PROBLEM UPGRADING ADVANCED TO EXTRA. I FEEL THE BAND PLANS NEED TO BE EXPANDED TO ACCOMADATE THE INCREASED USAGE. LESS CW PORTIONS AND MORE PHONE PORTIONS.ALLOCATE SOME OF THE ADVANCED PORTION TO GENERALS.
